

DIAMOND HARBOUR WOMEN'S UNIVERSITY

Department of Chemistry

Ref. No: Chem/Int. Conf./2022

Date: 09/11/22

International Conference on "Chemistry in Daily life" on 24th November, 2022.

On behalf of organizing committee, it is declared that Department of Chemistry of Diamond Harbour Women's University (DHWU), Sarisha, South 24 Parganas, is going to organize an one day International Conference on "Chemistry in Daily life" on 24th November, 2022,. Participants from Colleges, Universities, and Research Institutes etc. are cordially invited to participate and present their work in the above National Seminar. The Seminar will focus on Peaceful Uses of Chemistry in our daily life. It also aims to highlight the recent developments and uses in chemical sciences. Several renowned scientists, researchers and academicians will deliver talks in the Seminar. This will be a great opportunity for academicians and students and the persons from industries particularly for young researchers to interact with and learn from these leading scientists, which in turn will lead to the advances of their research as well as career.
